Through workplace giving, Community Shares/Utah makes it easy for you to conveniently support those issues you care about most *here in Utah*: community improvement and wellbeing, human and animal services, and a healthy environment.

Community Shares/Utah (CS/U) is a federation of 19 Utah nonprofits that work on a wide variety of issues here in Utah.

Founded in 1988, Community Shares/Utah now participates in 45 workplace campaigns.

Workplace charitable giving programs in the United States now generate over \$80 million annually for education, the arts, community heritage and conservation groups.

In 2013 the gifts that Utah employees pledged and gave to Community Shares/Utah agencies enabled the work of these member groups to touch the lives of more than 500,000 of your friends and neighbors here in Utah.
